## Sample 6th Grade Contest

Tuesday, February 19 (alternate date: February 26), 2019

## Instructions

- Time Do not open this booklet until told by your teacher to begin. You might be unable to finish all 35 questions in the 30 minutes allowed.
- Scores Remember that this is a contest, not a test-there is no "passing" or "failing" score. Few students score 28 points ( $80 \%$ correct). Students with half that, 14 points, should be commended! High-scoring students may be invited to our "Math Camp" in July.
- Results Posted Online High-scoring contest results, both overall and regional, will be posted at www.mathleague.com no later than April 15.
- Format, Point Value, \& Eligibility Every answer is an A, B, C, or D. Write answers in the Answers column. A correct answer is worth 1 point. Unanswered questions get no credit. You may use a calculator. You're eligible for this contest only if you are in grade 6 or below and only if you don't also take this year's Annual 7th or Annual 8th Grade Contest.
